The information disclosure statement filed 4/13/2006 fails to comply with 37 CFR 1.98(a)(1), which requires the following: (1) a list of all patents with legible copy of foreign patent documents, publications, applications, or other information submitted for consideration by the Office; (2) U.S. patents and U.S. patent application publications listed in a section separately from citations of other documents; (3) the application number of the application in which the information disclosure statement is being submitted on each page of the list; (4) a column that provides a blank space next to each document to be considered, for the examiner's initials; and (5) a heading that clearly indicates that the list is an information disclosure statement. The information disclosure statement has been placed in the application file, but the information referred to therein has not been considered.

Regarding claim 5, the limitation "the user" lines 3 in pages 4 should be changed to "an user" and the limitation "the result" lines 4 in pages 4 should be changed to "the random result".

Regarding claim 6, the limitation "the result" lines 7 in pages 4 should be changed to "the random result".

Regarding claim 7, the limitation "the result" lines 12 in pages 4 should be changed to "the random result".

Regarding claim 9, the limitation "a menu" lines 20 in pages 4 should be changed to "the menu".

There is insufficient antecedent basis for this limitation in the claim.
